let's start creating!

WHO ARE WE?

Van Vliet is a Dutch family business founded in 1974.

Van Vliet is an expert in creating Private Labels. Thanks to our years of experience with our own Brands Meenk; De Bron; Kindly's and The Marshmallow Company; we know exactly what is going on in the market. We are happy to share this experience with our customers to develop a complete concept.

Because we are directly responsible for four consumer brands, we know all the factors that play a role in bringing a successful candy brand to the market. Purchasing, production, packaging, marketing, sales and distribution have our full attention each and every day. This allows us, like no other, to advise our customers with setting up a Private Label. We do this with as much as dedication and enthusiasm as with our 'own' brands.

Naturally, we meet the strictest Dutch and European requirements in terms of labor and food safety and we are BRC, HACCP and IFS certified.

With this we make high-quality Dutch products. And that is why we proudly say " Van Vliet Made in Holland!"
